

**ACCENTA**® Welcome to our 2013 product catalog. By necessity it's a snapshot - a good basic reference for many of our top products, at the instant it was published. But of course that's the thing about being state of the art... to stay in front you must always be moving forward. Accenta is all about relentless innovation, creativity and growth. We have forged long standing relationships with many of the world's most respected and established companies. Such companies make challenging design and budget demands. Such companies do business with us because we consistently exceed their expectations. With more than a quarter of a century in the display industry, we are an Internationally recognized design leader with an outstanding workforce of well organized, highly skilled and experienced professionals, available to focus on your business and quickly deliver the right solution for you. Accenta doesn't sell displays, we sell display solutions - built from the ground up to solve specific problems unique to you. Unsurpassed customer service is one of the reasons we have become 'trusted advisors' to so many top tier companies during long and mutually rewarding relationships. Another is our philosophy of maximizing in-house production integration with such things as our graphical large-format print facility, delivering state of the art results in a well controlled 'Best Practices' plant environment. Our web site at [www.accenta.com](http://www.accenta.com) showcases the most up-to-date range of products and resources we can put to work for you. But we have a well stocked new product pipeline for the year ahead and we invite you to talk to us directly about what's new, or visit one of our showrooms: Mississauga (Toronto), Amherst, New York or Mexico City to see for yourself what the future looks like when you work with the industry's creative powerhouse. We will be pleased to be of service to you.

Respectfully,

Ulf Ernetoft  
President & Founder  
Accenta Display Corp

# AdStand™ PROMOTIONAL DISPLAYS

One complete AdStand #45580 ships flat and fits in one carton box 36" x 21" x 2", 9 lbs.

AdStand is a unique strategic tool for communication and campaign planning. It has evolved from our "AdBox®" product and was developed to be printed via various methods in any quantity. And, the sturdy base means that it will hold up to in-store use.

AdStand comes in a flat package for optimized distribution. It's lightweight and easy to set up.

The double-sided exposure and eye-level height give a maximum impression. The elegant ellipse-shaped graphic AdSleeve brings you a new look. Keep the AdBox and base, only replace the AdSleeve and you have a new display. Choose an oval-shaped base or a round one to best fit your needs.

As a floor-standing or a counter-top display, AdStand always makes your message stand out.

## SPECIFICATIONS

Complete AdStand unit, double-sided, incl. black base, white AdBox(es), all connectors required and 1 AdSleeve.

**45580** AdStand (printed display) w. 2 AdBoxes, 19 11/16" x 70" (50 x 177.8 cm)

**45575** AdStand (blank displays), w. 2 AdBoxes & 1 White AdSleeve (unglued), individually packed, carton of 10

**Base material:** Durable ABS

**Graphic panel:** Several options dependent on quantity

**Packaging:** Carton box

## OPTIONAL PARTS & ACCESSORIES

**45550** Hinged Base Connectors (for #45540 base), set of 2

**45552** Middle Connectors, set of 2

**45535** AdBox, White, set of 2

**45576** AdSleeves, White, unglued, set of 5

U.S. AND CANADIAN PATENT

CUSTOM BASE PLATES AVAILABLE UPON REQUEST

Make a mural. Suspend it. Stand it up.

Display your product. AdBox can handle it. With brilliant graphics printed on high-grade e-flute, AdBox is incredibly lightweight and comes flat packed. It's eco-friendly and makes a big impact on your audience but not the environment.

From the simplest ledge display to a full mural backdrop, AdBox has your needs covered. Not sure who's watching your back? With double-sided graphics, AdBox makes good impressions all around.

AdBox is still probably the most innovative POP display solution available.

AdBox ships flat. 9 boxes with all the feet and connectors fit in a 3.5" high carton box.

### SPECIFICATIONS

A combination of high quality printed boxes along with a flexible connector system offers you a multitude of sizes and configurations—from towers to wall-size promotions. They're extremely lightweight, and set-up fast and easy, no tools required.

AdBox units will be litho-printed for large-run projects of over 200 displays. Digital printing will be used for small-run projects.

THE CONFIGURATION ON THE OPPOSITE SIDE IS SHOWN BELOW IN PARTS TO DESCRIBE THE PRINCIPLE.

Base support foot is an alternative foot (see pg.15)

### ADBOX WALL (9 BOXES)

### CONFIGURATION SAMPLES: Ideas and configurations on pages 13-14

The most versatile display concept in the world is also cost-effective, especially at high volumes. Major audience impact.

Flexibility. Cost-effectiveness. It's easy to start something big.

AdBox assembles in a snap, with no tools. It's "goof-proof". And that's smart.

# Roll-It-Up 1

## RETRACTABLE BANNER STANDS.

Roll-it Up 1 is the ideal solution for all your special events, product launches, trade shows and of course, sales people in a rush. This sturdy elegant high-quality display enables you to “hit the ground running”. The graphical panel retracts into the base, keeping it safely protected. The whole display fits into a small carry-on-sized nylon canvas bag. With a setup time of less than 30 seconds Roll-it-Up 1 is the ideal display for all your information needs. It just can't be more convenient or better than this.

### SPECIFICATIONS

Complete Roll-It-Up 1 unit with snap-action top profile, 3-folded pole, and padded carrying bag. (Top profile with double-sided adhesive tape available upon request.) Graphic panel not included.

**Weight:** 11 lbs. (5 kg) or 13 lbs. (6 kg)

**Base material:** Clear anodized aluminum

**Graphic panel:** Several options available

**Packaging:** Padded nylon bag

### Standard graphic sizes:

**39001** Clear Anodized, 33 1/2" x 79" (85 x 201 cm)

**39002** Clear Anodized, 33 1/2" x 86" (85 x 218 cm)

**39003** Clear Anodized, 39 3/8" x 79" (100 x 201 cm)

**39004** Clear Anodized, 39 3/8" x 86" (100 x 218 cm)

### OPTIONAL PARTS & ACCESSORIES

**39010** Top Profile, Snap-action, w.Hook, Clear Anodized, 33 1/2" (85 cm)

**39012** Top Profile, Snap-action, w.Hook, Clear Anodized, 39 3/8" (100 cm)

**39014** Top Profile w.Double-sided Adhesive Tape & Hook, Clear Anodized, 33 1/2" (85 cm)

**39016** Top Profile w.Double-sided Adhesive Tape & Hook, Clear Anodized, 39 3/8" (100 cm)

**39021** Pole, 3-folded, Clear Anodized, for panel 79" (201 cm)

**39020** Pole, 3-folded, Clear Anodized, for panel 86" (218 cm)

**39263** Nylon Bag, Padded, Black, for 33 1/2" unit

**39264** Nylon Bag, Padded, Black, for 39 3/8" unit

**39269** Protection case, Padded, Black, for 33 1/2" unit

**39040** Halogen Spotlight, 50W, Chrome, w. clip, 8.8 feet cord and transformer, incl. black nylon bag

The graphic panel rolls in and out of the unit.

Roll-it-up 1 can even be used at various heights. By simply extending the pole to only 1/3 or 2/3 of its full length, you can quickly create a presentation in stages or a table-top display.

# ROLL-IT-UP 3 RETRACTABLE BANNER STANDS

Be a quick-change artist. This innovative banner stand features interchangeable graphic cassettes that let you swap messages. Better yet, the new telescoping pole works at various heights to allow you to go from counter to floor display in a snap. A custom trim to match your corporate identity pulls it all together. And it packs neatly into a smart, padded nylon bag so you're always ready to roll with it.

## SPECIFICATIONS

Complete Roll-It-Up 3 unit with telescoping pole and snap-action top profile, incl. interchangeable cassette, clear plastic trim set and padded nylon carrying bag. (3-folded pole available upon request.) Graphic panel not included.

**Weight:** 13 lbs. (6 kg) or 15 lbs. (7 kg)

**Base material:** Clear anodized aluminum

**Graphic panel:** Several options available

**Packaging:** Padded nylon bag

# IMAGESTAND 1 NON-RETRACTABLE BANNER STANDS

Use it once or use it for a long time. This single-sided, non-retractable banner stand gets great mileage in a POP or retail scenario. Its sleek fish-shaped foot is made of cast aluminum to give your message gravity. And its special lacquer finish makes it durable. A protective cylinder in the optional travel bag keeps your graphic panel clean and safe. Put two or more together for a high-impact presentation. This is the cost-effective solution that lets your images stand for themselves.

## SPECIFICATIONS

ImageStand 1, with snap-action top/bottom profiles and 3-folded pole. (Top/bottom profiles with double-sided adhesive tape available upon request.) Graphic panel and bag not included.

**Weight:** 7 lbs. (3.2 kg)  
**Base material:** Silver painted aluminum  
**Graphic panel:** Several options available  
**Packaging:** Re-usable carton box, nylon bag optional

## Standard graphic sizes:

**39081** Nylon Bag, Padded, Black, for 23 5/8" & 31 1/2" units  
**39082** Nylon Bag, Padded, Black, for 39 3/8" unit  
**39040** Halogen Spotlight, 50 W, Chrome, w. clip, 8.8 feet cord and transformer, incl. black nylon bag

# IMAGESTAND2 NON-RETRACTABLE BANNER STANDS

Command attention. Do something unexpected.

This image stand is customizable in three ways: height, width and shape. It uses horizontal profiles that can be custom-cut to your specs to let you display unusual contours. Make it tall and thin, short and wide, or even V-shaped. The slick tripod foot keeps it stable no matter the configuration and folds for maximum portability. Its optional carrying case was designed to protect graphics. ImageStand 2 goes from single to double-sided with a simple snap-clip. The top and bottom profiles disappear so your message always takes center stage.

## SPECIFICATIONS

ImageStand 2, with snap-action top/bottom profile and 3-folded pole. (Top/bottom profiles with double-sided adhesive tape available upon request.) Graphic panel and bag not included.

**Weight:** 7 lbs. (3.2 kg)

**Base material:** Silver painted aluminum

**Graphic panel:** Several options available

**Packaging:** Re-usable carton box, nylon bag optional

### Standard graphic sizes:

**39121** Silver Painted, 23 5/8" x 82 11/16" (60 x 210 cm)

**39123** Silver Painted, 31 1/2" x 82 11/16" (80 x 210 cm)

**39125** Silver Painted, 39 3/8" x 82 11/16" (100 x 210 cm)

## OPTIONAL PARTS & ACCESSORIES

**39130** Foot, foldable

**39132** Plastic Clip for single & double-sided

**39060** Pole, 3-folded, Clear Anodized, for panel 74 13/16" (190 cm)

**39062** Pole, 3-folded, Clear Anodized, for panel 82 11/16" (210 cm)

**39064** Pole, 3-folded, Clear Anodized, for panel 90 9/16" (230 cm)

**39075** Top/Bottom Profile Set, Snap-action, Clear Anodized, 23 5/8" (60 cm)

**39077** Top/Bottom Profile Set, Snap-action, Clear Anodized, 31 1/2" (80 cm)

**39070** Top/Bottom Profile Set, w. Double-sided Adhesive Tape, Clear Anodized, 23 5/8" (60 cm)

**39072** Top/Bottom Profile Set, w. Double-sided Adhesive Tape, Clear Anodized, 31 1/2" (80 cm)

**39076** Top/Bottom Profile Set, w. Double-sided Adhesive Tape, Clear Anodized, 39 3/8" (100 cm)

**39083** Nylon Bag, Padded, Black, for 23 5/8" & 31 1/2" units

**39084** Nylon Bag, Padded, Black, for 39 3/8" unit

**39040** Halogen Spotlight, 50 W, Chrome, w. clip, 8.8 feet cord and transformer, incl. black nylon bag

### Choose Panel size and shape

Max. width 39 3/8" (100 cm), max. height 90 9/16" (230 cm)

Just the basics, please. This cost-effective image stand adapts to a variety of print media – from inkjet to vinyl to fabric.

It comes with its own nylon travel bag and reinforced graphic tube for safe and easy transport, while its x-shaped aluminum swivel stand folds flat. Make it double-sided when you really need to work the room or customize the shape of the graphic panel for a unique touch. Combine several for a first-class performance. It's simply effective.

### SPECIFICATIONS

Adapt, complete unit, single or double-sided, incl. top/bottom profiles w. double-sided adhesive tape, 3-folded pole, and black nylon bag. Graphic panel not included.

**Weight:** 6 lbs. (2.7 kg)

**Base material:** Clear anodized aluminum

**Graphic panel:** Several options available

**Packaging:** Black nylon bag with reinforced graphic tube

Modular Exhibit System

2x3 CURVE Folding Structure

FOLDING STRUCTURES:

2x3 FLAT Folding Structure

FabricWall goes from folded to fabulous in 10 seconds flat. Magnetic locks snap the structure into place. All you have to do is pull it up and watch your message burst open. Make it double-sided for maximum impact. The wrinkle-resistant graphic panel attaches to the structure with Velcro so you can swap graphics in a flash. Premium print quality guarantees vibrant visuals every time. And this super lightweight, super portable billboard-in-a-bag knocks down into a nylon duffel for easy transport. Make a big statement. Effortlessly.

### SPECIFICATIONS

FabricWall, lightweight aluminum construction with Velcro hubs. Graphic panel and case not included.

**Base material:** Grey painted aluminum

**Graphic panel:** Dye-sublimation on wrinkle resistant fabric

**Packaging:** Carton box or optional case

Pyramid 50502

Wall 50205

Star 50405

Pyramid 50501

Wall 50204

Triangle 50301

### APPLICATION OPTIONS:

On certain configurations, you can add a spotlight or display shelf to make a multi-functional display unit.

### FASTENING SYSTEM:

Star 50308

Stretch the graphic fabric and fasten it to the button-knob of the frame construction. One button-knob can hold up to four pieces of graphic fabric.

Let your message stand on its own. Turn any QuikFrame (pg.77-80) into a freestanding display. Present a graphic or create a bulletin board. Incorporate a whiteboard or a lightbox. Stand out. Customize the shape of the header and add your logo. Choose brochure baskets to get the word out. Opt for casters to move the message to the masses. The hollow construction is reinforced with anodized aluminum flanges so the unit is sturdy yet lightweight. So take a stand.

### SPECIFICATIONS

InfoStand, basic unit, single or double-sided, w. QuikFrame(s) and gliders. Aluminum in clear anodized or black painted.

#### Standard sizes (single-sided):

- 3328-\* InfoStand w. 1 x QF 22" x 28", rounded corner

Velcro tape  
horizontal bar

# POSTERSTAND 1 FLOOR STANDS

Customize a self-supporting statement. Use a freestanding image display. The brochure holder of this well-built display makes sure your message gets into the right hands. QuikFrame (pg.77-80) or InFrame (pg.81-82) make changing graphics a snap. Design its base to suit your corporate identity. This unit is no pushover. Its sturdy construction means it'll stand and deliver.

## SPECIFICATIONS

PosterStand 1 on sturdy steel bases painted silver grey. Semi-circular vertical posts and rectangular horizontal extrusions in clear anodized aluminum. With QuikFrame(s) (pg. 77-80) or InFrame(s) (pg. 81-82). Brochure holders in clear acrylic. Single or double-sided.

60010 PosterStand 1, complete unit

PosterStand 1 will be fully customized to meet your special requirements.

Please contact us for more information.

# POSTERSTAND 2 FLOOR STANDS

Got more to say? This customized robust poster stand lets you display two graphics on each side. Its solid build means it'll stay put. QuikFrame (pg. 77-80) or InFrame (pg. 81-82) make it easy to change visuals. Be creative with your header to brand your logo. Then put it anywhere customers might have to wait. Standing around just got a whole lot more interesting.

## SPECIFICATIONS

PosterStand 2 has a clean anodized aluminum frame with vinyl covered MDF base, white, grey or black. With QuikFrame(s) (pg. 77-80) or InFrame(s) (pg. 81-82). Curved or straight header panel in vinyl covered MDF, white, grey or black MDF. Single or double-sided.

60015 PosterStand 2, complete unit

PosterStand 2 will be fully customized to meet your special requirements.

# DEMO STAND 2 PODIUMS & DEMO STANDS

Demonstrate, sample, present or inform with the easily assembled, multi-functional DemoStand 2. It can be customized with your graphics on the curved front panel, sides and spacious header. It has a large, resilient tabletop and a durable inside shelf which allow for plenty of storage. DemoStand 2 folds flat, is lightweight and portable and comes with a carrying case for marketing on the move.

## SPECIFICATIONS

Complete DemoStand 2 unit in polypropylene with built-in "hinges" for easy folding. Vacuum formed super high impact polystyrene top. Incl. Header board, inside shelf and a black padded nylon carrying case. Graphic panels not included.

**Weight:** 31 lbs. (14 kg)

**Material:** Polypropylene and polystyrene

**Packaging:** Padded nylon carrying bag

51140 DemoStand 2, white 34"¾" x 88"¼" x H. 18"¼"(88 cm x 46 cm x H 224cm)

## OPTIONAL PARTS & ACCESSORIES

51142 Full color graphical panel on header board

51144 Full color graphical panel on front and 2 sides

**Easy Lock System:**  
The indented tabs on the sides of the bottom plates lock into the slots of the side panels.

# HINGECOUNTER COUNTERS

The foldable hinge construction makes this counter quick to set up and take down. Besides being practical, the HingeCounter is the perfect branding and promotional tool. We show you our 2 standard designs, but the many possibilities of customizing is guaranteed to make it fit your needs. Choose in-fill panel or the all-covering graphic panel attached with magnetic tape.

## SPECIFICATIONS

Foldable aluminum construction, incl. top shelf in white, grey or black vinyl covered board. Build in our HingeLine system (see pg. 94). Panels and inside shelf not included.

**Construction:** Aluminum, clear anodized  
**Top shelf:** MDF 5/8" (16mm) vinyl covered, white, grey, black

**52050** HingeCounter, 36"W x 38" H x 20" D (91.4W x 96.5 H x 50.8 D cm)

**52040** HingeCounter, 48"W x 38" H x 23" D (121.9W x 96.5 H x 58.4 D cm)

## PANEL OPTIONS:

- A.** Attach graphic panel on front of the extrusion with magnetic tape.
- B.** In-fill panel goes into the track of the extrusion. Thickness depends on application (max. 1/4" / 6 mm)

## CUSTOMIZE SIZE, SHAPE & CONFIGURATION (EXAMPLES):

**PRESENTATION SHELF:**  
Not attached, other shapes available

**INSIDE SHELF:**  
Ordered with the original purchase

**THRU-SHELF:**  
Gives character as well as inside-shelf

**RECEPTION TOP:**  
Other shapes available

Turn the tables with FabriCounter. This easy to set-up, compact display does double duty: as a table-top display and a counter. The frame snaps together in an instant with magnetic locks. Velcro tape makes switching the wrinkle-resistant fabric graphic panel quick and easy. Need to make a bigger statement? Join units side-by-side to create a counter-table. However you configure it, this simple display tool gets your message on the table.

## SPECIFICATIONS

Lightweight aluminum construction with Velcro strips. Including one inside plastic shelf and a top shelf in Black paint. Delivered in a black nylon carrying bag. Graphical panel not included.

**Weight:** 33 lb (15 kg)  
**Construction:** Clear anodized aluminum  
**Graphic panel:** Fabric  
**Packaging:** Nylon bag

**39350** FabricCounter 15.75" x 41.75" x H. 40"  
 (40 cm x 106 cm x H. 102 cm)

## OPTIONAL PARTS & ACCESSORIES

**39349** Top shelf, black painted

The fabric is attached to the frame by Velcro tape.

## APPLICATIONS:

Place the FabriCounter on top of a table to make it a table-top display.

## COMBINATIONS WITH OTHER PRODUCTS:

With FabricWall

With PopUp

## CLIPS LOCKING SYSTEM:

This PopUp Counter is based on our PopUp design and structure. With the magnetic system, it's easy to set up. The unit comes with a hinged counter top, inside shelves, a carrying case for hardware, and a tube case for laminated graphic. Graphic panel is not included.

PopUp Counter is ideal to combine with Supreme system, as a booth with our Pop Up displays, FabricWall or simply as a counter.

## SPECIFICATIONS

Lightweight aluminum construction, magnetic bars, bottom and middle inside shelves, foldable black top shelf and nylon carrying bag. Graphic panels not included

- Weight:** 35lbs (16 kg)
- Construction:** Aluminum
- Top shelf:** Board, black
- Inside shelves:** Board, light wood grain

**61010** PopUp Counter, 50" W x 38 1/4" H x 14 1/4" D (127 W x 97.2 H x 36.2 D cm)

## OPTIONAL PARTS & ACCESSORIES

- 61012** Graphic panel with magnetic tape
- 61014** Top shelf, black, foldable

## COMBINATIONS WITH OTHER PRODUCTS:

Our new series of table top and floor screens make it effortless to arrange a great looking exhibit or dividing wall. Choose from our standard collection or customize to your specifications. Panels may be single or double sided. All units fold together flat with features such as lightweight construction and simplicity. These displays present themselves as serious portable contenders.

### Panels Options:

**Graphic Panel**  
Attach graphic panel on front of the extrusion with magnetic tape.

**In-Fill Panel**  
In-fill panel (max. thickness 1/4" / 6 mm) goes into the track of the extrusion.

### SPECIFICATIONS

Foldable aluminum construction built in our HingeLine System (see pg.94). Panels not included.

**Frame:** Aluminum clear anodized  
**Panels:** Optional

**52020** Table Top, 3-folded, 36" (91.4 cm) H

**Configuration Examples:**  
0°-180° hinge action

**52025** Floor Screen, 3-folded, 72" (182.9 cm) H

**Configuration Examples:**  
0°-180° hinge action

**52030** Floor Screen, 4-folded, 72" (182.9 cm) H

**Configuration Examples:**  
0°-180° hinge action

### CUSTOMIZE SIZE, CONFIGURATION & PANEL MATERIALS:

For special attention, 2-panel unit combined with high Podium

Semi-transparent panels to separate without blocking the view.

Back-drop on exhibits combined with sign panel and HingeCounter

Play with effects, use wood, metal, perforated materials, graphic prints, etc.

It's an open and shut case. QuikFrame's c-spring clips snap open on all four sides for swift and effortless graphic changes. Hang it or attach it to a freestanding display. There are many options with QuikFrame. Pick a size. Choose a rounded or mitered corner. You can customize it to your dimensions and choose a special finish or colour. Double-side it for twice the impact. It's so very versatile. Wherever there's a poster, there's a need for QuikFrame.

# QUIKFRAME

## FRAMES & HANGING SYSTEMS

QuikFrame. Endless combinations and uses. Mount it on walls, windows, even vehicles. Spark some interest. Use it with a lightbox. Precision-punched holes on the back of the frame line up perfectly so connecting two frames for double-sided display is easy. Look around for inspiration. This frame integrates seamlessly with a multitude of display tools. With such versatility, QuikFrame has many sides.

- 31641 Non-glare protection sheet, 30" x 40"
- 31661 Non-glare protection sheet, 36" x 48"
- 39045 Halogen Spotlight, 50W, Chrome, w. bracket, 8.8 feet cord and transformer

InFrame accepts slide-in graphics in a multitude of substrates, incl. laminate in wood grain and other patterns. Slide-in graphics are 2" (5.1 cm) in width and a thickness of 0.05" (1 mm).

InFrame can be as widely applied as QuikFrame.  
For more applications, please see pg. 77-80.

#### FRAME CLOSED:

It's a simple concept that works. And works and works. It lets you hang your graphics virtually anywhere. Display graphics printed on fabric, paper, vinyl and more. Its strong snap hangers work especially well with fabric graphics. Insert hanging hooks to suspend your visuals from the ceiling. Use suction cups for a window display. Or use Velcro to make your message stick. Hang graphics of any length or width.

Hang it high, hang it low, make it wide, make it thin. It's easy to hang with ExStream.

### SPECIFICATIONS

ExStream, top & bottom aluminum snap-profiles, including 4 endcaps & 2 hooks. Each profile consists of one front and one back extrusion. Recommended max. thickness of print media is 0.025".

#### Standard sizes:

- 38541 Clear Anodized, 24" (61 cm) L
- 38551 Clear Anodized, 36" (91 cm) L
- 38561 Clear Anodized, 48" (122 cm) L

Customized sizes available

### OPTIONAL PARTS & ACCESSORIES

- 38501 Snap-profile Set (front & back extrusions), Clear Anodized, max. 132" (335 cm) L
- 38521 Endcap, Left, Grey Plastic
- 38522 Endcap, Right, Grey Plastic
- 38531 Hanging Hook, Grey Plastic

Insert the hanging hooks into top track, and close ends with end caps.

APPLICATIONS:

# THINLITE1 LIGHT PANELS

Shed some light on the subject with ThinLite1 - the LED light with even illumination. Stainless steel C-spring clips and snap-open frame allow you to change messages over and over while firmly holding your graphic in place. Low power LED strips are installed on the side(s) for even light distribution so you'll get a brilliant looking display every time. When you choose ThinLite1 you get maintenance free, high efficiency and eco-friendly = good investment!

## SPECIFICATIONS

Thin LED light box, only 1" 1/4(32 mm) thick  
 Frame in clear anodized aluminum, front of snap-frame type (QuikFrame or InFrame) that opens up on all 4 sides for easy change of graphics.  
 Single or Double sided.

We have all the parts & the ideas ...

You can choose to have all the parts assembled or knocked down for transport friendly cost. This modular system is all manufactured by Accenta. Design services also available upon request.

The basic idea of the A-Line System is logical simplicity. This modular aluminum system consists of parts which are easily connected with an Allen Key as the only tool, making it just as easy to take-apart or rebuild as it is to assemble. This makes it possible to ship your display completely knocked down, making transportation economical.

A wide range of aluminum components and accessories gives you a maximum of possibilities. You can create your own display or choose from our wide-range of designs.

Combinable and modular with endless options and uses, the A-Line System provides a flexible solution to satisfy all of your display requirements. Get creative!

Please contact us for more information.

### BASIC COMPONENTS:

1. Vertical extrusion
2. Horizontal extrusion
3. Coupling
4. Endcap
5. Adjustable foot
6. Shelf support
7. Panel
8. Top Shelf
9. Adjustable Shelf
10. Bottom shelf

**ASSEMBLY:**  
To connect horizontal to vertical, slide the coupling into the main track of the vertical and tighten firmly with an Allen Key.

### A FEW FEATURES & ACCESSORIES:

Panels slide into vertical & horizontal tracks (5/16" / 8 mm) that also cover the edges.

For thicker panel add channel to allow max 3/4"(19mm) panels.

Hardware for sliding doors and hinge doors inserted in tracks.

For stepless adjustable shelves, use the plastic covered shelf support.

To extend or re-connect split verticals, use the spigot

# 20/20 SYSTEM MODULAR ALUMINUM DISPLAY SYSTEMS

20/20 is a versatile tubular aluminum system for store fixtures, POP displays, etc. It is created and designed with versatility in mind and a sleek construction to fit all types of interior design. Its minimum number of components offer a vast range of customized design possibilities. There is a limitless selection of panels and shelves available to create your desired design. Best suited for permanent displays. 20/20 is a simple concept with many variations.

**Please contact us for more information.**

**TUBES** (3/4" x 3/4" / 20 x 20 mm)

**ASSEMBLY:** Use a plastic mallet tapping forcefully on the connectors to connect them with the tubes.

**CONNECTORS** (all 90° angles)

# HINGELINE MODULAR ALUMINUM DISPLAY SYSTEMS

HingeLine is our entirely unique aluminum system that is constructed like a hinge marrying three extrusions together. HingeLine allows for more functionality of displays by permitting them to be folded flat keeping your transportation cost and space requirement to a minimum. HingeLine has the ability to be opened at any desired angle up to 180 degrees allowing complete freedom to fit specific requirements. It will accept various types of in-fill panels, including graphics, up to 1/4" (6 mm) thick. Horizontals may be curved to create an extra design advantage.

**Please contact us for more information.**

**PANEL OPTIONS:**

- A.** Attach graphic panel on front of the extrusion with magnetic tape.
- B.** In-fill panel (max. thickness 1/4" / 6 mm) goes into the track of the extrusion.

## DESIGN & PRINT PRODUCTION

One stop shopping. Accenta not only designs, manufactures, and distributes a broad range of portable exhibits, displays and POP's but we also offer a range of graphic services - from graphic design to large format printing - so that you no longer require a multitude of vendors to get your display program off the ground. We have the right printing equipment and materials to accommodate any type of sign, banner or display you would like. Our materials are durable and of high quality to ensure your graphics last for a long time. Accenta has never failed to put newly released technologies on the forefront and provides them to their clients as soon as possible.

Leading Your Brand Name To Success!
